

# RHT175

## Senzor relatívnej vlhkosti a teploty

Nová generácia snímača relatívnej vlhkosti a teploty RHT175 vyvinutá a vyrobená spoločnosťou MicroStep-MIS poskytuje spoľahlivé a presné meranie relatívnej vlhkosti a teploty

### Relative humidity measurement

|  |   |
|--|---|
| <b>Measurement range</b>   | 0 to 100 %RH                            |
| <b>Accuracy (@ 25 °C)</b>  | ±1 %RH                                  |
| <b>Short term hysteresis</b>                                       | < 0.6 %RH                               |
| <b>Accuracy overtemperature range</b>                              | $1 +  t - 25  * (0.008 + 0.00052 * RH)$ |
| <b>Typical long-term stability</b>                                 | ±1.0* % per year                        |
| <b>Calibration traceability</b>                                    | MBW calibration                         |
| <b>Response time at +25 °C in still air with a sintered filter</b> | 63 % to < 40 s                          |
| <b>Sensor type</b>   | capacitive                              |
| <b>Upgrade to ISO 17025 accredited calibration</b>                 | optional                                |

\*Dependent on operating environment

### Temperature measurement

|                          |                      |
|--------------------------|----------------------|
| <b>Measurement range</b> | -65 °C to +70 °C     |
| <b>Accuracy</b>          | ±0.2 (-40 to +60) °C |

### General

|                                    |                       |
|------------------------------------|-----------------------|
| <b>Operating temperature range</b> | -65 °C to +70 °C      |
| <b>Storage temperature range</b>   | -65 °C to +70 °C      |
| <b>Cable coating</b>               | PUR                   |
| <b>Housing material</b>            | ±1 %RH                |
| <b>Housing classification</b>      | IP65 (except sensors) |

|  |                                       |
|--|---------------------------------------|
| <b>Sensor protection</b>   | HDPE sintered filter 10 m             |
| <b>EMC compliance</b>  | tested and conforms to IEC 61326:2002 |
| <b>Connector</b>   | M12 5-pin male (optional)             |
| <b>Power consumption (1 measurement per 10 s, analog output ON)</b>  | 2 mW                                  |
| <b>Sensor type</b>   | capacitive                            |
| <b>Power consumption (1 measurement per 10 s, analog output OFF)</b> | 1.2 mW                                |

### Relative humidity measurement

|                                  |  |
|----------------------------------|--|
| <b>Settling time at power-up</b> | < 3 s  |
| <b>Communication standard</b>    | <ul style="list-style-type: none"> <li>• SDI-12V1.3</li> <li>• analog out (0 V to 1V)</li> <li>• RS-485 (optional)</li> <li>• 3.3 V UART(optional)</li> <li>• second analog out (0 V to 1 V) (optional)</li> </ul> |
| <b>Output resolution</b>         | 0.05 %RH, 0.01 °C  |
| <b>Measurement period</b>        | from 1 s   |
| <b>Supply voltage</b>            | 5 to 30 VDC  |

### Optional PT100 Temperature Probe (cable version only)

|  |   |
|--|---|
| <b>Accuracy classes according to DIN EN60751</b> | <ul style="list-style-type: none"> <li>• PT100 1/5 (-20 °C to 70 °C)</li> <li>• PT100 1/3 F0.1 (class B) (-65 °C to +70 °C) optional</li> </ul> |
| <b>Operating temperature range</b>               | -65 °C to +70 °C  |
| <b>Recommended current</b>                       | 1 mA max.   |
| <b>Resolution</b>                                | depends on data logger  |
| <b>Measurement period</b>                        | depends on data logger  |

### Optional continuous heating

|                      |                       |
|----------------------|-----------------------|
| <b>Heating power</b> | ≤ 250 mW (adjustable) |
| <b>Output value</b>  | Dew point [°C]        |

### Factory calibration

| <b>Relative humidity [%RH]</b> | <b>Expanded uncertainty U [%RH]</b> |
|--------------------------------|-------------------------------------|
| 10                             | 0.60                                |
| 30                             | 0.60                                |
| 50                             | 1.0                                 |
| 70                             | 1.0                                 |
| 95                             | 1.2                                 |
