

This architectural floor plan illustrates a three-story building with a symmetrical layout. The plan is divided into three main horizontal sections: a central corridor and two side wings. The central corridor is 2,480 units wide and runs the full length of the building. The side wings are 4,120 units wide and are separated from the central corridor by 100-unit gaps. The total width of the building is 6,300 units. The length of the building is 1,770 units. The plan includes various rooms, including a large central hall, several smaller rooms, and a series of rooms along the outer walls. Dimensions are provided for all major sections and rooms. The plan also shows the location of doors and windows, as well as the placement of structural columns.

Section	Width (Units)	Length (Units)	Room Details
Left Wing	4,120	1,770	Includes a large hall, several smaller rooms, and a series of rooms along the outer wall. Dimensions: 1,450, 900, 2600 (950), 100.
Central Corridor	2,480	1,770	Runs the full length of the building, providing access to all rooms. Includes a central hall and several smaller rooms. Dimensions: 1,450, 800, 2600 (950), 100.
Right Wing	4,120	1,770	Includes a large hall, several smaller rooms, and a series of rooms along the outer wall. Dimensions: 1,450, 900, 2600 (950), 100.
